To reserve a room, visit the pages:
Marriott: <https://aws.passkey.com/go/D-bids2017>
(cut-off date for July 6th)

Portola: <https://aws.passkey.com/go/D-BIDS2017>
Aug (cut-off date July 7th)

Why join Us?

The BRC will address business requirements to prepare for the DBIDS 5 rollout by ensuring functionality and enhancements will meet the DoD's objectives and will incorporate OCONUS heightened force protection needs. The DUG provides sessions on the many facets of the program to encourage users to share their experiences and the impact of DBIDS on force protection at their facilities.

We want to hear from you, the DBIDS user!

IDENTIFY - MANAGE - PROTECT

DBIDS is an integrated Identity Management and Force Protection system developed and operated by the Department of Defense
